## Terms of Use

The terms of use for this study can be found at:  
<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/36151/terms>

## Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

**ICPSR PROCESSING NOTES FOR #36151**  
*India Human Development Survey-II (IHDS-II), 2011-12*

*DS8: School Staff*

1. **Study Documentation:** The relationship between IHDS-II survey questions and dataset variables can be observed in both the questionnaires and the datasets. In the questionnaires, survey questions are listed by question number, with the associated dataset variable name located at the end of the response field. For variables in the datasets, a majority of variable labels feature associated question numbers from the questionnaires. However, a number of discrepancies exist between questions in the survey questionnaires and variables in the datasets. No additional information was provided.
2. **Value Discrepancies:** The variable **SS10** has a discrepancy between the values labeled in the questionnaire and in the data. In the questionnaire, the variable is labeled “Yes” for 1 and “No” for 2, and in the data the variables are labeled “Yes” for 1 and “No” for 0.
3. **Additional Information:** For additional information on the India Human Development Survey, please visit the [India Human Development Survey](#) Web site.

## **India Human Development Survey-II (IHDS-II), 2011-12**

### **Variable Description and Frequencies**

**Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.**

**Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.**
