CONSENT STATEMENT

[Approximately nine years ago, we interviewed your household for a research study.] **We would like to**
[update the information and] **interview you and some members of your household about your health and family life.**
The study is conducted by the 'National Council of Applied Economic Research' in co-operation with the UMCP.
We are asking many people all over the country to participate in this same interview.

The interview is voluntary. During our visit, we would like to ask you
[to update the information you provided during our last visit] **about various aspects of health and family life.**
In addition, we may ask to measure the height and weight of women and children in the household and
administer a short reading, writing and math exercise to some children.

If you choose not to reply any of the questions in this questionnaire, you are free to do so.
If you decide to answer some or all of the questions,
we will use the information you give us only for the purpose of research.
People will be able to learn about the health and well-being of the people of India,
but not what you personally said.
